

Muddy's Studio

2010 Firing Services

Firing Fees for Outside Artists (Non Members)

BY THE PIECE: (bisque or glaze)

The fee is **5 cents a cubic inch**, with a **minimum of \$25.00**.

To calculate the cost to fire your piece simply measure H" x W" x D" and then multiply that number by \$.05. (Example: 10 in x 6 in x 4 in = 240 cubic inches x \$.05 = \$12.00)

BY THE KILN LOAD:

Please note: Kilns will be loaded and unloaded by Muddy's studio technicians only – the charges below include loading and unloading the kilns. There will be an extra charge for work that is hard to handle or many small pieces that need special stiling.

High Fire - Gas Kiln (20 cubic feet):

Full Load of bisque • Cone 06-Cone 04: \$225.00 - includes loading and unloading the kiln

Full Load of glaze • Cone 5 to Cone 10: \$350.00

- Includes loading and unloading the kiln
- Includes use of Cone 10 studio glazes, if needed
- No Cone 5 glazes are supplied by Muddy's Studio

Mid Range - Electric (oxidation)

Full Load of glaze • Cone 5: \$110.00 – includes loading and unloading the kiln

- No Cone 5 glazes are supplied by Muddy's Studio

Low Fire – Electric (oxidation)

Full Load of bisque • Cone 06-04: \$95.00 – includes loading and unloading the kiln

Full Load of glaze • Cone 06-05: \$95.00 – includes loading and unloading the kiln

- Includes use of clear low fire glaze if needed.

Rules:

1. If you would like Muddy's to fire your work please call to arrange a firing date and time. 714-641-4077
2. We expect your pieces to be constructed and glazed correctly. If your glaze runs onto the shelves you may be charged for a new kiln shelf.
3. If your work blows up in the kiln and ruins other people's work you will be charged accordingly.

Muddy's Studio

2010 Firing Services

Firing Fees for Muddy's Members

BY THE PIECE: (bisque or glaze)

Each Member of Muddy's Studio will receive 3,000 cubic inches of bisque firing and 3000 cubic inches of glazing firing per month. This is approximately one 12" x 24" inch shelf of bisque and one 12" x 24" inch shelf glaze with a height of 11 inches.

* There are no rollovers and no sharing of kiln shelf space.

Formula: Measure the H x W x D of your ceramic piece = cubic inches
(example: a piece that is 10" H x 4" W x 3" D = 120 cubic inches.)

Members may purchase additional blocks of firing space:

Each additional block up to 3,000 cubic inches, **bisque** = \$10 for Members

Each additional block up to 3,000 cubic inches, **glaze** = \$20 for Members

BY THE KILN LOAD:

Gas Kiln: There is a \$75. fee paid to lab tech for loading, firing and unloading work per firing.

High Fire / Mid Range:

Full load bisque = \$130. (plus lab tech fee)

Full load glaze (Cone 5 to Cone 10) = \$200. (plus lab tech fee)

Electric Kilns: There is a \$30. fee paid to lab tech for loading, firing and unloading work per firing. Members with firing experience may load/unload/fire their own work. Please schedule all firings with Gina. Members can use their firing package to offset cost of electric kiln load – See Gina for details.

Mid Range - Electric (oxidation)

Full Load of glaze to Cone 5: \$60.00 – if loaded by member

- No Cone 5 glazes are supplied by Muddy's Studio

Low Fire – 06 to 04:

Bisque or Glaze full load is **\$50.00** – if loaded by member

Raku and Sagger Fire

Muddy's Studio will have a sign up sheet for those wishing to Raku or Sagger fire their work. It would be helpful to be in groups of 3 so that there is someone to help with each load. Kevin will help set up equipment and tear down, but each artist is responsible for clean up. If you are a non-Member and require Kevin to spend the day helping you fire your work in either Raku or Sagger there will be a charge of \$50 and hour for his service.

Raku = \$20 a load for Members, or \$7 each piece

Sagger fire = \$20 a load for Members
